

TURK SURRENDER IS UNCONDITIONAL BY BRITISH TERMS

Twenty-Five Paragraphs Cover All Possible Advantage for Allies

WILL DEMOBILIZE TROOPS AND INTERN WARSHIPS

All Prisoners and Interned Persons Surrendered, Unconditionally.

London, Nov. 2.—The armistice accepted by Turkey amounts to "complete and unconditional surrender."

This statement was made by Lord Robert Cecil, assistant secretary of state for foreign affairs, to the Associated Press tonight.

With reference to rumors of the effect that the armistice with Turkey would have on the situation in the Middle East, Lord Robert said that the British government is concerned.

He added that the armistice had been signed by Great Britain on behalf of all the allies.

Lord Robert said the indications of the last day or two were that the pan-Germans were losing their hold. He declared that no Bolshevikism had been reported in Germany, but that it was spreading in parts of Austria.

The terms of the armistice granted to Turkey follow:

First—The opening of the Dardanelles and the Bosphorus and access to the Black Sea. Allied occupation of the Dardanelles and Bosphorus forts.

Second—The positions of all mine fields, torpedo tubes and other obstructions in Turkish waters are to be marked, and assistance given to sweep or remove them, as may be required.

Third—All available information concerning mines in the Black Sea is to be communicated.

Fourth—All allied prisoners of war and Armenian interned persons and prisoners are to be collected in Constantinople and handed over unconditionally to the allies.

Fifth—Immediate demobilization of the Turkish army except such troops as are required for the maintenance of internal order. The number of effectives and their disposition to be determined later by the allies after consultation with the Turkish government.

Sixth—The surrender of all war vessels in Turkish waters or waters occupied by Turkey. These ships will be interned in such Turkish ports as may be directed, except such vessels as are required for police and similar purposes in Turkish territorial waters.

Seventh—The allies to have the right to occupy any strategic points in the event of any situation arising which threatens the security of the allies.

Eighth—Free use by allied ships of all ports and the anchorages now in Turkish occupation and demand of their use by the enemy. Similar conditions are to apply to Turkish mercantile shipping in Turkish waters for the purposes of trade and the demobilization of the army.

Ninth—Allied occupation of the Taurus Tunnel system.

Tenth—Immediate withdrawal of Turkish troops from northern Persia to behind the pre-war frontier already been ordered and will be carried out.

Eleventh—A part of Transcaucasia already has been ordered to be evacuated by Turkish troops. The remainder is to be evacuated if required by the allies, after they have studied the situation.

Twelfth—Wireless, telegraph and cable stations to be controlled by the allies. Turkish government messages to be accepted.

Thirteenth—Prohibition against the destruction of any naval, military or commercial material.

Fourteenth—Facilities are to be given for the purchase of coal, oil fuel and naval material from Turkish sources, after the requirements of the country have been met. None of the above materials are to be exported.

commander, and withdrawal of Turkish troops from Cilicia, except those necessary to maintain order, as will be determined under clause 6.

Seventeenth—The use of all ships and merchant vessels at all Turkish ports and harbors.

Eighteenth—The surrender of all ports occupied in Tripoli and Syria, including Misrata, to the nearest allied garrison.

Nineteenth—All Germans and Austrians, naval, military or civilian, to be evacuated within one month from Turkish dominions, and those in remote districts as soon after that time as may be possible.

Twentieth—Compliance with such orders as may be conveyed for the disposal of equipment, arms and ammunition including the transport of that portion of the Turkish army which is demobilized under clause 5.

Twenty-First—An allied representative to be attached to the Turkish ministry of supplies in order to safeguard allied interests. The representative to be furnished with all aid necessary for this purpose.

Twenty-Second—Turkish prisoners are to be kept at the disposal of the allied powers. The release of Turkish prisoners of powers and prisoners over military use is to be considered.

Twenty-Third—An obligation on the part of Turkey to cease all relations with the central powers.

Twenty-Fourth—In case of disorder in the six Armenian vilayets the allies reserve to themselves the right to occupy any part of them.

Twenty-Fifth—Hostilities between the allies and Turkey shall cease from noon local time, Thursday the 1st of October, 1918.

COURT FINISHES WATER HEARING

Views Premises at Bottle Company's Plant—Both Sides Will Submit Briefs to Court.

Late Friday afternoon, Judge Fulton concluded the hearing of the evidence in the case of the American Bottle Co. vs. The City of Newark, being the suit to restrain the shutting off of the city water from plaintiff's plant for the non-payment of a bill for water furnished. Upon motion of counsel in the case, Judge Fulton then went to the plaintiff's factory and viewed premises, as to the pumping system and the means of using water by the bottle company. Judge Fulton fixed Wednesday next as the limit of time for filing briefs on behalf of the bottle company; the city to follow with their answer briefs by the Monday following, and the reply brief of the bottle company by the following Wednesday.

Harry Johns, Whose Brother Arrived Here Thursday, Writes That He is on Way to America.

Harry Johns, second son of Mr. and Mrs. H. P. Johns of West Main street, to fall in the battle of Soissons on July 19, while fighting with the marine corps, has written his mother he was sailing for home this month.

Private Johns since his injury has been at the U. S. army base hospital, 23, at Portsmouth, Eng. He also received a wound in the left arm like that of his brother, William, who arrived home Thursday. In Harry's case the injury, severed the leaders causing two fingers to be stiff. He will undergo an operation in this country, cutting the leaders in an effort to restore the use of the fingers.

On card received by his parents yesterday he stated: "I will sail this month for home."

YANKEES SMASH LINE ON MEUSE

Terrific Attack Delivered By General Pershing's Army Along Front Near Verdun.

(Compiled From A. P. Dispatches)

Events are moving with dramatic swiftness in the battle zones of France and Italy. In the former, the French, Americans and British struck the enemy on three sectors of the long front yesterday. In Italy, the Italians, French, British and American forces pressed on in pursuit of the Austrians retreating over the plains of Venetia or plunged through the mountain barrier so long maintained by the enemy on the mountain front.

General Diaz has submitted the terms for an armistice to the Austrian high command. There are rumors that it had been signed but these have not been confirmed. These terms were formulated by the allied war councils at Versailles to which was sent the Austrian appeal for a cessation of hostilities.

General Pershing's army northwest of Verdun tore the German lines to pieces yesterday morning. The Americans advanced between three and four miles over a crescent shaped front. Several villages and fortified woods were taken and a long step was taken toward Stenay, through which passes the sole remaining railroad connecting armies in France.

Northwest of the Boult forest the French troops under command of General Gouraud attacking along the Aisne river north of Vouziers and made rapid progress toward Le Chesne, a very important railroad point. If this point is reached the German forces still holding the Boult forest will be outflanked and a hasty retreat from the fastnesses of the Boult is probable. Success by the French or the Americans in cleaning the Germans out of the forests and ravines in this region will remove from the enemy the last great natural barrier between the allies and the German railways in the rear.

British divisions south of Valenciennes struck a swift blow yesterday and the city is now virtually surrounded. It is reported north the British and French units continued their advance toward the Scheldt river. Little resistance was encountered, the enemy being engaged in retreating from the territory between the Lys and the Scheldt. Crowded roads over which the Germans were attempting to move guns, men and stores to safety were taken under the fire of allied guns early in the day. It now seems that the whole line of the Scheldt as far north as Aynard has been reached, with the advance spreading along the line to the northwest. It now seems probable that the German northwest of Aynard will soon retreat.

Advances as to conditions in Austria are continuing. It seems however that the imperial government is powerless in the crisis which has come to Vienna. Some reports say that Emperor Charles is a fugitive from his capital, but other advisers say that he and Empress Zita are still in Vienna. Austria seems to be splitting up into a number of independent states. There seems to be no doubt that the Austrian fleet at Pola has been surrendered to the Croats, national committee. The Croats have declared their union with Italy.

Germany has recognized the new Czechoslovak government at Prague and has opened diplomatic intercourse with it.

Reports from Germany are contradictory. Emperor William has gone to the front and has been followed there by Vice Chancellor Dethlefsen, who is said to bear with him a document of abdication to be presented to the emperor. Bavaria has claimed the throne if it is renounced by its present occupant.

Terms of the armistice arranged with Turkey by the entente allies show that there has been a virtual unconditional surrender by the Ottoman government. Turkish mines are now being removed from the Dardanelles preparatory to sending an allied fleet into the Black sea to complete the work of removing the German menace in the near east.

Copenhagen reports that King Boris of Bulgaria has abdicated. He ascended the throne on October 3. A peasant government is said to have formed.

YANKEE BARRAGE TERRIFIES BOCHE

Several Hundred Rush Toward American Line With Hands Upraised, Shouting "Kamerade."

(Associated Press Telegram)

With the American Forces, Northwest of Verdun, Friday, Nov. 1.—Most of the prisoners captured by the Americans in the fighting today were in excellent physical condition and displayed better morale than is usually the case. They were fully cognizant of the efforts of their government to secure an armistice and, while apparently overjoyed at the probability of an early peace, were of that class that has been disciplined to war and which reflects the determined resistance the enemy has been making against Americans. All appeared to realize that a breaking through by the Americans would result almost certainly in the loss of part of the German army on the western front.

While a curtain of exploding steel behind them and a steadily advancing line of Americans in front, several hundred Germans found themselves in an untenable position at Imecourt. A garrison had been left to defend the position and had performed its part well when the Americans stormed the place. Machine guns sent a murderous fire into the valley, until on signal to the American batteries, there was laid down a barrage, not on the town, but along a line to the rear of it. The Germans say that the bursting shells came creeping toward them from the rear as the batteries shortened their range and at the same time American infantrymen advanced up the slope toward the village. Either as a result of an order or a panic, the defending troops immediately rushed down toward the Americans with upraised hands, crying "Kamerade!"

In the woods encountered by the Americans, especially in Bois-de-Four, machine guns were left to a number probably not surprised by these in the Argonne woods to the south. German forces are making desperate efforts to hold their lines and gas is being used in great quantities. It was seen in the little Hazois wood, near the center, to some extent, but Bois-de-Loges and Bois-de-Bourgonne were literally drenched with suffocating fumes.

Frontal attacks against these strongholds are not a part of the American plan. The French are moving upon the west side of Bois-de-Bourgonne and the Americans on the right and a similar enveloping of Bois-de-Loges has been undertaken. The centers of these woods have been subjected to heavy gas bombardments. The Germans were forced to move out early in the day to the edge of these patches of timber where they manned heavy and light machine guns and in many cases fought to the end.

Among the prisoners brought in was one woman. She was dressed in uniform, carried a gun, and had endured the same discipline and privations as the soldiers. Evidence received indicated that this was merely one of those instances in which a woman managed to get into the firing line to seek adventure and that the German government is not beginning to use women in the battle zone.

BREEDING PLACE OF VICE AND CRIME

"The saloon is the breeding place of vice and crime; it harbors and encourages the white slave traffic; it shelters crooks and gamblers; it is the birthplace of rotten politics; it causes disease and death; it is the enemy of peace and order; it causes the most degrading poverty; it wrecks more homes than any other institution; it fills jails, almshouses and insane asylums, and sends men to the scaffold and the electric chair."—Charles Stelzle.

If you think the traffic in Alcohol does more harm than good—Help Stop It!

WET OR DRY

There is Abundant Work for the Neal Institute

Unless the system is thoroughly cleaned and the poison of alcohol and other drugs is wholly removed, the demand for the accustomed stimulation is irresistible and the means for satisfying that craving is going to be found. With the exorbitant price for liquors and other drugs that have been brought about by apparent economic conditions of today, addicts to these habit forming drugs are forced to accept even greater adulterated concoctions and it is seen already in our work that not only drunkenness must be faced, but the awful effects of combinations worse than alcohol and morphine must be treated and cured. Why not cut it all our easily and quickly by the harmless NEAL treatment which, in three days, makes all this stimulation not only unnecessary but positively repulsive. One splendid letter of testimony of the effectiveness of the Neal Treatment came today, which says: "I don't feel

that I will ever want another drink of intoxicating liquor. I think I am a good advertisement for the Neal Institute as everybody knew me here, and, of course, knew how I drank. I am well pleased with your treatment." Don't set up the new excuse that if the country goes dry you will not need the treatment; that would only be a delusion to which you will awake only too late to regain health. In the condition of your heart and nervous system they will not be able to cope with those new and more harmful substitutes and you will quickly succumb to these more deadly poisons. Another cured patient writes: "There is no one who can quite appreciate your treatment like the man who has taken it. I would not begrudge a thousand dollars knowing as I do what it has done for me." Why make any further useless, lone handed fight when, in three days, and with no effort on your part the Neal Treatment will give you perfect control of that drug poisoned brain and make you the man you used to be. \$3,000 IS VOTED BY WAR CHEST HEADS

The October meeting of the executive committee of the War Chest voted the following amounts to the activities named:

To the Women's Branch, Council of National Defense, Licking county chapter, \$20.57 for supplying lunches to drafted men on the way to service.

To the Salvation Army War Work, \$1,298.11. This amount represents Licking county's quota for the current year up to November when the United War Work campaign will provide another quota for the Salvation Army's war work. This is entirely distinct from the Salvation Army's ordinary local work to which the War Chest has not contributed.

To the Jewish Welfare Board of the U. S. Army and Navy, \$500. This is also for war work and is Licking county's quota for the current year to November.

To Granville branch A. F. F. W., \$500.

The sum of \$30 was placed in a fund and a trustee appointed to care for the fund to help defray the expenses of a school of instruction which has been organized in connection with men drafted but not yet ordered to cantonments.

It was further voted that a similar sum shall be appropriated for the expenses of a school of instruction for drafted men from Licking county outside of Newark, if the County Draft Board arranges for such a school. It is probable that the War Chest will eventually be reimbursed by the government for these expense funds.

To the treasurer's office expense force, \$500.

A bill of \$10 which should have been deducted from the stunt committee's donation to the War Chest was ordered paid.

The general chairman appointed a committee consisting of John S. Graham, L. K. Stage and Charles H. Spencer to prepare an honor roll for the soldiers and sailors of Licking county who die in the service during the war.

The treasurer's report follows:

FARM BUREAU PLANS MEMBERSHIP DRIVE

The executive committee of the Licking County Farm Bureau has endorsed the state food production campaign and has decided to make a membership drive in accordance with the big national food campaign set for Thanksgiving week. An opportunity is to be given every farmer in Licking county Thanksgiving week to show concretely his support of the county program by joining this farm bureau. Every man who pledges his support of the National Agricultural War Program by joining the farm bureau will be provided with a membership button and a card to be fastened on his front gate. At the close of the campaign on Saturday afternoon November 30th, a farm bureau mass meeting will be held not only in Newark but in every county seat in the State at which a program of work for the county and state will be presented and adopted. Prominent public and agricultural officials will address these meetings.

The following men have been selected as township chairmen to put on the drive in their respective townships:

Clarence Wells, Hartford; Harold Barrick, Bennington; E. C. Alsopach, Burlington; Joe Bevard, Washington; John Elliott, Eden; N. G. Duxton, Monroe; Edgar Forsythe, Liberty; J. S. Graham, McKean; John Lammert, Newton; Henry Wilkin, Mary Ann; E. T. Denman, Perry; W. M. Helsar, St. Albans; Fred Williams, Granville; A. B. Crawford, north half of Newark; J. P. Lamb, Madison; R. W. Lillard, Hanover; Jackson Merrill, Lima; P. L. Scheldigger, Harrison; J. H. Myer, south half of Union; B. V. Price, north half of Union; J. H. Orr, Licking; F. C. Osburn, Franklin; Ray Barnes, Hopewell; Samuel Cooperider, Bowling Green; Lee Palmer, Etta; W. F. Hughes, north half of Jersey; Paul Condit, south half of Jersey.

A meeting of the township chairmen is set for Saturday November 16, at 1 p.m. at the Farm Bureau office if such a meeting be permitted, to plan necessary details.

DESERVES RE-ELECTION ON HIS PAST RECORD

Jas. J. Hill, Democratic candidate for representative, is seeking a second term as a member of the general assembly. Mr. Hill's record in the last session is one which should appeal to every intelligent voter. He guarded well the interest of his constituents and his vote on every measure was cast with that object in view.

There can be no question as to Mr. Hill's stand on labor issues. The endorsement of his candidacy by the labor leaders is a sufficient guarantee

JAMES J. HILL

that he was a friend of the common people, for Mr. Hill himself has labored hard and faithfully the greater part of his life.

Jim Hill, for everybody calls him "Jim," will have the solid endorsement of the railroad men, for they know that he was with them on every measure affecting their interest, as is witnessed by public endorsements of railroads over their own signature.

Jim Hill is honest and outspoken in his convictions and he can always be relied upon to do exactly as he has promised. Therefore, when he promises a faithful performance of the functions of office, and to continue to guard well the tax payers' best interests in the general assembly, that is just exactly what he will do. The voters of Licking county will make no mistake in returning Jas. J. Hill to the general assembly on next Tuesday and he will appreciate your vote and support at the polls.

VOLUNTEERS STILL AID IN EPIDEMIC OF FLU

Following are the names of those who are still serving the needs of stricken influenza victims or who have volunteered for service since the last list was printed: Mr. E. T. Sargent, Mrs. E. T. Sargent, Mrs. H. R. Emery, Miss Irene Clausinger, Mrs. Winnie Day, Mrs. Phyllis Frye, Mrs. Anna Wilson, Mrs. Lucy Stuppin, Mrs. Anna Gerlack, Mrs. Sarah Thomas, Mrs. Belle Reynolds, Miss Marjorie E. Carpenter, Miss Ida Davis, Miss Etta Lund, Mrs. Cliff Roney, Mrs. Kate Swink, Miss Edna Swartz, Miss Mildred Stage.

The work done by these volunteers has been wonderful. Without question a great many lives have been saved by their devoted service to the sick.

The committee also desires to acknowledge the special work of Miss Mabel Jones and Gladys Beecher who have distributed clothing and food, broths and other dishes specially prepared for the sick.

There is yet much to be done. The after effects of the disease, especially pneumonia, to avoid which requires the greatest care and attention are yet to be coped with in many instances. Fresh volunteers to help carry on this work are much needed. All who are able and willing should phone in their names to the committee headquarters at once, Room 307 Trust building, Phone 1406.

GIVEN UP TO DIE BY FAMILY AND FRIENDS

"I Feel I Owe My Life to Dr. Parker's Treatment."

Statement of Mrs. J. Groce, 719 Walnut street, Nelsonville, O.; 66 years of age.

"I feel I owe my life to Dr. Parker's Treatment for Indigestion and Constipation. I doctored with several doctors, who claimed that the nerve system of my stomach had broken down, and for several months I was unable to leave my room. I could eat no solid foods, lived on beef tea and water off of burnt bread. The gas on my stomach would cause 'spells of belching' that would last an hour and everything soured on my stomach. I was given up to die by my family and friends, when a friend recommended Dr. Parker's Treatment. One box gave me great relief and three boxes cured me. I can now eat solid food and am doing all my own work."

Dr. Parker's Treatment has certainly done wonders for me. I know my treatment will do for you, who suffer with Indigestion and Constipation, just what it did for Mrs. Groce. It is the result of thirty-five years study, practice and experience and I know it to be the best medicine ever prepared.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

GOODBY, WOMEN'S TROUBLES

The tortures and discomforts of weak lame and aching back, swollen and bloated feet and limbs, weakness, lassitude, dizziness, nausea, that tired worn-out feeling, which are characteristic of a rule have their origin in kidney trouble, not "female complaint." These general symptoms of kidney and bladder disease are well known—so is the remedy.

Next time you feel a twinge of pain in the back or are troubled with headache, indigestion, insomnia, irritation in the bladder or pain in the loins and lower extremities, you will find quick and sure relief in GOLD MEDAL Haarmen Oil Capsules. This old and tried remedy for kidney disease and allied derangements has stood the test for hundreds of years. It does the work. Pains and troubles vanish and new life and health will come as you continue their use. When completely restored to your usual vigor, continue taking a capsule or two each day; they will keep you feeling fine and prevent a return of your trouble.

GOLD MEDAL Haarmen Oil Capsules are imported direct from the laboratories at Haarmen, Holland. Get them from your druggist. Do not take a substitute. In sealed boxes, three sizes.

DRIVE AWAY HEADACHE

"Rub Musterole on Forehead" and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back and joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50

MUSTEROLE

GOOD LUCK SAVES EX-D. U. FLYER

Aids French Companions
When Superior Air Force
Attacks Allied Squadron.

(Special to The Advocate.)

Granville, O., Nov. 2.—Lee Shock, 17, Beta Theta Pi, who is well-known by many Granville and Newark people, and who is with the 135th aero squad, A. P. O. 717, at the battlefront "somewhere," is having thrilling times, and is giving a splendid account of himself over there. He has been in several engagements and on one occasion, when emerging from a dense cloud, he saw his observer look up and saw a "bullet" put the fear of God into the heart of any man, for there were eight Hun machines fighting three French biplanes. He started to help the Frenchmen out when one of the three went down in flames. But he had not long to think, for when they had "done in" that one machine the four alabasters and two Fokkers dived at him almost simultaneously on both sides of his tail. With all six dual machine guns he turned away from the four, into the two, got in several shots, had the satisfaction of seeing them turn away and then headed straight for home, full throttle, thanking their men who had made the Liberty motor for their rescue. He went on to have out-distanced the Huns, but before their flaming incendiary bullets had gone shooting by. The intrepid airman says it was his good luck, or their bad mismanagement, that spared him. Shock and his observer, Harry, have been commended for the D. S. C. for that little adventure, and the whole squadron was recommended for being the first Liberty squadron at the front. His last assignment in The Denisonian, is full of thrills.

The first snow of the season fell Friday, and seems to have marked the departure of the autumn weather. Today the sun is shining, however, and there may yet be a prolonged run for the hardy chrysanthemums which brighten so many lawns in Granville at this bleak season.

Lessons in the nurses' training course, to be conducted by Mrs. Frank Ray at the home of Mrs. George F. McKibben, will begin next Tuesday. One class of 20 will meet on Tuesday and Friday evenings, the other on the afternoons of those days.

Improvement in the epidemic situation is true that a few new cases call for attention. Hence the reluctance of the health officer to raise the ban. Two physicians would be scarcely adequate if there were a renewed outbreak of the trouble.

Mrs. Howard Williams, whose husband is First Lieutenant Williams, in army service, and whose son belongs to a machine gun squad in Company brigade, United States marine corps, has received a check letter from the latter enclosing half a dozen snapshots of himself and comrades. He writes that five trainloads left Quantico, Va., at 5 o'clock last Sunday morning for New York, and will sail from that harbor on a date unknown, for the front "somewhere."

Miss Mary Hunt of Franklin, Ind., who has been visiting her mother, Mrs. Helen Hunt in Park Drive, left this morning to resume her secretarial duties in Franklin, college.

M. P. Ashbrook has received word that his son, Forrest, who for three weeks has been in the hospital at Jefferson barracks, near St. Louis, Mo., with an attack of pneumonia, is safely convalescent.

The Denison hospital was suddenly left without a cook a few days ago, since which time Mrs. Howard Williams has come to the rescue, relieved at times by Mrs. J. M. Swartz.

Mr. and Mrs. James D. Thompson Jr. announce the birth of a daughter on October 21. Mrs. Thompson was formerly Miss Grace Shenberg, Shepard's son, 19, Kansas City, Mo., and Dr. Thompson, the elder son of Dr. D. Thompson, was a Denison graduate and a member of Sigma Chi fraternity.

Mrs. Sara Debow has received a letter from W. C. Smoots of Cleveland, giving news of her son, Carl Lincoln, a Denison graduate, who is known by many Granville people, just after he had come through a terrific battle on September 25, and on the eve of which he had closed his little battered diary, and was kept from the date of his landing.

The little book is too precious to be loaned, but Mrs. Smoots made some extracts from its pages for her Granville friends, which are distinguished for their exuberance and freshness of their outlook. The one describing the home of the French countess and her charming hospitality is particularly appealing.

Miss Helen ten from the letter written on October 4, at a time when she was only a few days old, when she was only a few days old, when she was only a few days old.

—I am alive and o. k. Why? I know. Out of our company of 3000, there are 800 left, and out of 100 officers there are 12 left, and I am one of them. Luck is surely with me."

Again: "This letter is written on stationery I took from a German officer's dugout. Also, 'I have a number of souvenirs: camera, helmet, knives and other things. Don't worry about me.'"

On November 12, Miss Ruth Hopkins, for the past six years assistant treasurer of Denison university, will leave Granville to become one of the matrons in a home for factory girls at Winston-Salem, N. C. The work to which she is going is of the most important at this time when the needs of our factory girls are increasing daily.

She will join another Denison graduate, Miss Eva Nixon, 13—who is a Y. W. C. A. worker among the factory girls of North Carolina.

Fred McCollum is around again after a seizure with the influenza, and has gone back to his work in Newark.

The Granville Junior Red Cross is to make story scrapbooks for the convalescent soldiers. These scrapbooks will contain one complete short story which will interest a soldier. The stories are to be cut from magazines. Magazines are best suited for the purpose, such as "The Saturday Evening Post," others will be gladly accepted. Those who have magazines which can be used for this purpose are asked to leave them in the office of the Granville Fuel & Light company during the week of November 3. The stories are to be bound in brown paper covers and the high school girls are to decorate them with pictures making in all an attractive gift for a sick soldier. Granville's quota is 100 for each month. So every one must be on the lookout for interesting stories.

OHIO FEDERATION OF WOMEN'S CLUBS

Certain important business of the Ohio Federation of Women's Clubs must now be transacted at a council meeting which will be called by the President, Mrs. F. W. Root, as soon as it is safe to do so.

It is of course quite impossible to expect our hostesses of Concho to

prepare for a postponed convention. It would be equally difficult to bring together a program which took weeks of continuous work to arrange.

This council meeting should be attended by the president of every federated club, since the business to be transacted is of vital interest to members of the state organization.

Due notice of time and place will be sent to the clubs.

At the Hot Springs Biennial a resolution was adopted favoring short courses of training for citizenship compulsory for both boys and girls, same to be given under Federal military discipline.

Some splendid work has been done for community singing by Mrs. Warren Williamson of Youngstown. She has chosen a chairman from each district and it is intended that there shall be a district choir in every county.

It would be interesting to know how many club presidents were loyal enough to their state president to give out the list for the signatures of women who had the right to vote.

OBITUARY

Miss Mary E. Nash.

After illness of more than 29 years, Miss Mary Ellen Nash, aged 75, died at 7 o'clock last Saturday evening at the home of her sister, Mrs. Anna M. Adams, 6763 Conover avenue, Zanesville. In addition to her sister, Miss Nash is survived by a brother, D. T. Nash, also of the Adams home. The older residents of Zanesville will remember Miss Nash's father, a clergyman of the Episcopal church, who a number of years ago came to Zanesville to supply for the Rev. Mr. Pittenger, and on leaving the church he tripped at the head of the stairs and falling sustained injuries which resulted in his death. The Nash family at that time lived in Newark, but later when Miss Nash became a confirmed invalid she and her brother came to Zanesville, where they have since resided with Mrs. Adams. Despite her many years of invalidism Miss Nash was cheerful and uncomplaining. She had a wide circle of friends who will learn with regret of her passing.

SOCIAL EVENTS

On Thursday evening, some of his friends of the American Bottle company, surprised W. J. Miller at his home in Ash street. He leaves soon for Mansfield to enter new duties.

Harry T. Waite, being spokesman for the party presented Mr. Miller with a watch-fob and K. of P. charm as a token of friendship. Mr. Miller returned his thanks.

Mrs. Miller served a lunch to the following guests: Wm. Giffen, David Murphy, Robert Shawhan, Walter Coffman, L. J. Frenier, Clyde Hoover, Chas. Deidum, H. Lapcombe, Chas. Meek, R. Smith, Wm. Paige, H. T. Waite, Wm. Davidson and E. S. Franklin.

Several of his friends were unable to attend on account of illness.

Benner-Fritchard.

One of the prettiest weddings of the Halloween season was solemnized at the home of Mr. and Mrs. J. F. Richcreek in Fulton avenue on Thursday evening at 7:30 o'clock, when Miss Pearl Fritchard became the bride of Mr. D. Adrian Benner.

The home was attractively arranged with chrysanthemums and maiden hair fern, and the service was read by Elder U. G. Porter of the Primitive Baptist church.

Following the ceremony a wedding dinner was served.

The bride is the daughter of T. J. Lee of Channel street, while Mr. Benner is the son of William Benner, south of the city. Mr. and Mrs. Benner will be at home on the farm of the bride groom.

DRAFT QUOTA WELL TRAINED BY BEADLE

The group of draft men who were to have left for Camp Sherman and Camp Wadsworth in October have been getting in shape, and according to Captain Sylvester Beadle who has them in charge 12 of the 16 are well enough equipped to qualify as non-commissioned officers.

They have been meeting three nights a week for drill and instructions and are anxious to report at camp, their own having been held up by the epidemic. Tomorrow they will form in two squads and take a hike to the Country Club.

According to a survey of the figures, out of the 1400 questionnaires sent out to men between 18 and 19 years and 31 and 36 years, 524 have been placed in Class 1. These include all divisions of Class 1, and many industrial claims and appeals.

The work of mailing out the order of the questionnaires will probably be started late next week, and the physical examinations will be made as soon as epidemic conditions permit.

SAYS FIRE IS WORK
OF INCENDIARY

The Central fire department was called to an empty house in Eddy street last evening at 7 o'clock to fight a blaze which in some manner ignited the weather boarding near the kitchen and had burned up under the roof. The fireman had but little trouble in subduing the flames and the loss will not exceed \$25. The house is the property of Mary Dundon, residing at Clay Lick and has been unoccupied for some time. Chief Bausch stated today that the fire was pure incendiary.

Readers are invited to contribute to this department the names of agrarians giving changes of location, present address or personal items regarding our boys who are now in service.—Editor.

Mr. and Mrs. M. V. Huffman, Fairview avenue, have received word that their son, Lieut. Leroy J. Huffman, who has been instructing in the central officers' machine gun training school at Camp Hancock, Ga., has been transferred to a division at Camp Logan, Tex.

A. B. McCoy, 43 South Williams street, commanding officer of O. A. R. D. regiment of engineers at Fort Benjamin Harrison, is in New York ready to start for overseas.

Health for the Business Girl.

The business girl has a larger account to settle with the goddess of beauty and her handmaiden youth than the girl who stays at home. The hasty luncheon, the neglected breakfast, the mad rush for the train in the early morning hours, the oftentimes of sleeplessness, long hours of sitting with the feet in wet shoes and innumerable hours at the nerve racking typewriter, are all against her. In fact, she has but a fighting chance of being healthy.

The business girl should try hard to get at least eight hours of sound sleep every night. The tedious work before her is hardly an agreeable thought as she hastily dresses herself with eyes half closed in sleep. Even though she must sacrifice a few late parties, it would count for more in the end to retain her health and beauty.

Don't carry lunch from home if you can possibly avoid it but go out for it. Eat slowly as you do at home during dinner and spend the remainder of your lunch hour taking a brisk walk. Most business girls lose their fresh, clear coloring after a couple of years in an office and become almost sallow because of fresh air and exercise.

If you sit at a typewriter all day you must do everything possible to make conditions easier for your nerves, as you must remember that the ends of the fingers are the most sensitive portions of the body and you are striking them all day long. Always sit erect in your chair so that the end of the spine will be resting on the chair seat.

Our Boys and Girls

To a mother, boys at a certain age seem awkward, callow, half grown youths, who are timid and constrained in her presence. They do not present themselves to her as possible lovers, her little daughter. This is because maturity so often forgets its youth. The first fine careless rapture of life passes so quickly that some world-weary mortals would even deny that they had ever known it. A gleam of the shining robes of romance.

But if a mother could, for a little while, capture her lost youth; if she could only recall some of her vivid emotional life; if she could only be frank enough to confess to herself some of her unvoiced dreams and desires that she felt at 16, she would be better fitted to guide her daughter through this period.

Many a woman, happily married to a good man, can recall the time when she cherished, as the hero of her secret romance, the figure of some boy or man, who did not even know of her existence.

EVERYDAY ETIQUETTE.

I do not think that a growing boy ought to eat meat more than once a day. He will find plenty of other things to eat such as soups, especially thick ones which are very strengthening, cereals, vegetables, milk, etc. The midday meal is the best time to serve meat if you are going to do so only once a day. But this may prove costly to her to your family, for many have the habit of a heavy meal in the evening when father comes home. In such case, of course, let the child eat his meat at the evening dinner.

If a small person must take a dose of castor oil, and it is essential that the bowels be kept free in a growing child, it may be given through the skin. Put a teaspoon or more in the skin over the navel or abdomen. It will do its work just as well and will not subject the child to the nauseating taste.

WILL TAKE TWO YEARS TO RETURN SOLDIERS

New York, Nov. 2.—Demobilization of the American forces in France will require a period of two years after peace is declared, according to a statement here last night by General T. Coleman Du Pont who has just returned from a two months' visit to the western front.

Declaring that his views were the reflection of official opinion among the allied forces, he asked that Americans fixations themselves to the task of a long demobilization as they had to that of a long war.

"One of our generals asked me," he said, "to tell the people at home that for boys have a year's work ahead of them in demobilizing the armed forces. The Huns have returned across France."

Assessing that the Civil War had "turned thousands of men back into civil life weakened and purposeless," General Du Pont said the seven war work agencies should be supported generously in their approaching campaign. He declared that "statesman-like plans are being laid" for the trying period following peace.

"Every but in France," he said, "will become a university class. Peace on the day peace is signed. The boys will be given every educational advantage under leading educators and business men from the United States."

HAIRCUT AND SHAVE COSTS FIFTEEN CENTS IN FRANCE

Soldiers billeted in French villages have some advantages over the poor mortals left at home. For instance a haircut and shave costs but 15 cents, even in that land where the peasants and villages are prone to take advantage of the affluent American soldier. The laundry costs 25 cents a week and even the tobacco for his Jimmy pipe, thanks to the Y. M. C. A. cost much less than in the States.

These are the conclusions reached after reading the letter of Clarence A. Shaw, Newark soldier, with the headquarters company, 329th Infantry, Shaw, writing to his parents, Mr. and Mrs. Lon Shaw of 3000 avenue says:

CLARENCE A. SHAW

"I am living with a French family. The woman does my washing for 25 cents a week. We can get a shave and haircut for 15 cents, so you see there is a great difference in the prices here and in the U. S. A. I got the same kind of tobacco here that I got at home and get it cheaper than in Ohio. Believe me the Y. M. C. A. is a friend of ours."

"I received my Licking county service medal and wish to express my sincere appreciation to The Advocate and the people of Licking county."

THE MARKETS

Chicago Grain and Provisions.

Chicago, Nov. 2.—Corn declined today, mainly on account of support. The only important buying came from shorts. Opening prices which ranged from a 1/4¢ off to 1/4¢ advance, with December 1.12 1/4 and Jan. 1.14 1/4 to 1.14 1/2, were followed by material downturns all around. Government bids for large amounts of oats had a steady effect on the oats market. After opening unchanged to 1/4¢ higher, with December 66 1/2 to 66 3/4, prices hardened a little more but at times showed sympathy with the weakness of corn.

Provisions surged owing to lower quotations on hogs. Most of the dealings were in ribs.

Cleveland Poultry and Produce.

Cleveland, Nov. 2.—Poultry: live fowls, heavy, 26 1/2 to 27; spring chickens, 26 1/2 to 27; ducks, colored, 26 1/2 to 27; Potatoes: 2.00 to 2.25 per hundred pounds in sacks.

Chicago Poultry and Produce.

Chicago, Nov. 2.—Butter: unsettled; creamery, 52 1/2 to 53 1/2.

Eggs: higher; receipts 1784 cases, firsts, 55 1/2 to 56; ordinary firsts 52 1/2 to 53; at mark, cases included, 52 1/2 to 54.

Potatoes: receipts 86 cars. Minnesota and Dakota, bulk, 1.50 to 1.55; do sacks, 1.80 to 2.00; Wisconsin bulk, 1.60 to 1.80; do sacks, 1.75 to 1.90.

Poultry: live, lower; fowls, 22 to 25; springs, 22 1/2.

New York, Nov. 2.—Mexican Petroleum's further decline of 10 points and U. S. Steel's recession of 1 1/2 to the lowest quotation of the current movement were the noteworthy features of the early trading on the stock exchange today. Losses of 1 to 2 points also occurred in such active issues as Bethlehem Steel, Baldwin Locomotive, American Smelting, American Car, Studebaker, Industrial Alcohol and Beet Sugar. Fractional gains in coal shares were offset by moderate reactions in Pacific and other shares.

Further settling of speculative issues, notably oil, unsettled the market again in the early part of today's short session. Mexican Petroleum dropped 10 points and Royal Dutch 9. U. S. Steel fell to its lowest quotation in many weeks together with war shares and rails and metals lost 1 to 2 points, while shipments, motors, tobaccos and sugars fell 1 to 4. Only a few of these recessions were regained in the short covering of the final dealings. The closing was irregular. Sales approximated 400,000 shares.

Mr. Carl M. Bowman, Republican, State Examiner, upon the completion of his examination of the office of Clerk of Courts of Licking County, made the following report in part to the State Auditor: "Your examiner desires to say that Clerk Leo T. Davis is looking after the collection of costs very closely. This is a matter of vital importance to the taxpayers of the county, for hundreds of dollars that belong to the county might be lost through indifference in the matter of collections." If the above report indicates that business methods are being used in the office, Clerk Leo T. Davis will appreciate your support and influence in his election to a second term. 10-28-30, 11-1-2

Be sure to read the article in the Ohio State Grange Monthly for October. "WHAT PROHIBITION HAS DONE FOR KANSAS." Read it and pass it on to your neighbor. Paul E. Kemper, Mgr. 11-21-1x

A Great Record.
Postmaster John Geach of Granville, has sold to November 1, 21,498 War Savings Stamps, bearing a maturity value of \$107,042. He has retained in cash to the United States treasury from W. S. S. sales, \$89,628.05, and will, no doubt, pass the \$100,000 mark. Granville has at least 50 members of the Licking County \$1000 W. S. S. club. No other town in America approaches Granville's War Savings Stamp record, according to State Chairman H. P. Wolfe.

Recovering From Illness.
Mrs. B. D. Wilson, who has been ill at her home in Hudson avenue, is able to be up again.

Miss Mary Black of Hudson avenue, who has been seriously ill with influenza, has recovered and is able to be out again.

For the Medal Fund.
Mrs. E. S. Miller of Hudson avenue, who read in yesterday's paper that Wm. F. Johns had lost his service medal in the river Marne, sends a dollar to The Advocate today for the medal fund, suggesting that another medal be given to Mr. Johns. The engraver is preparing a medal that will be presented to Mr. Johns early next week.

Is Air-School Graduate.
Elmont R. Hall, 146 East Main street, was graduated with honors from the school of military aeronautics at Austin, Tex., October 26.

Busy Chasing Austrians.
George C. Jackson, 4 Western avenue, is with the 332nd regiment in Italy, according to a letter received by his wife. He is a member of Company 12, and has probably been taken part in the pursuit of the Austrian forces now in full flight eastward across the Venetian plains.

Tourists Rates Reduced.
The new winter tourists' tariffs, showing reduced fares for trips to the south and southwest, have been received at the B. & O. and Pennsylvania.

STOPS ANY COLD IN A FEW HOURS

"Pape's Cold Compound" opens clogged nose and head and ends grippe.

Relief comes instantly. A dose taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs. It promptly opens clogged up nostrils and air passages in the head, stops nasty discharge of nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffing! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.

nia passenger offices, according to announcement made Saturday.

A. I. U. Plans Initiation.
The American Insurance Union has 20 candidates for initiation as soon as meetings are permitted by the board of health. Special arrangements are being made for the meeting November 28, which is Thanksgiving night, if meetings are allowed by that time.

For the Medal Fund.
The Advocate acknowledges receipt of a contribution to the soldiers medal fund from Mrs. C. F. Clark of Hebron.

Battleflags Show Front.
In the lobby of the Park National Bank a large war map is attracting considerable attention. The battle lines are outlined and minute flags of the allied nations tell the nationality of the troops on a particular front.

Slowly Improving.
Mr. and Mrs. E. L. Woodard of 165 East Main street, who have been seriously ill with influenza for the past week, are slowly improving.

Straw Vote in Ohio.
The Cincinnati Enquirer's straw vote which in years past has been remarkable for its accuracy, today shows these totals: Cum. 13148; Willis 9348; changes from Democrat to Republican 1462; changes from Republican to Democrat 1596. The Enquirer's canvassers are visiting every section of the state and are obtaining a straw vote from all classes of people.

Auto Axle Breaks.
Rev. L. P. Franklin came near having a serious accident this morning. As he drove his car around the W. H. Mazy corner the axle broke and the right front wheel rolled to the curb. He stopped the car immediately, but not before the fender and running boards were badly damaged.

Birth Announcement.
Mr. and Mrs. Robert Anderson of Hancock street are the proud parents of an eight and a half pound son which came to their home Friday.

Captain Hager Out.
Captain Charles Hager of the police department called at the patrol station today for the first time since his illness with influenza over two weeks ago. He has lost 25 pounds and states that he is still very weak.

Lost 31 Pounds.
Earl Vandegrift of the Central fire station was out today calling on the fire laddies after being confined to the house for the past three weeks with influenza and pneumonia. He lost 31 pounds during his illness.

Light Police Court.
Only one drunk appeared in police court today and he was given the usual fine of \$5 and the costs, leaving immediately after for Columbus where he is possibly continuing the celebration.

Home on Furlough.
Sergeant Nelson Metz of the quartermaster's department at Camp Sherman is home on a furlough. He stated today that preparations were already under way for the Thanksgiving dinner at the camp and that he will assist in preparing the menu for 2,800 in the two battalions, necessitating the roasting of about 200 gobblers.

PNEUMONIA REMEDY TRIED IN NEWARK APPARENT SUCCESS

A well known Newark physician reports to the Advocate this afternoon apparent success in the use of a new remedy for pneumonia. Here it is as suggested by the surgeon general of the United States:

"Saturate a ball of cotton as large as a one-inch marble with spirits of alcohol. Add three drops of chloroform to each ball of cotton. Place it between the patient's teeth. Let patient inhale the fumes for 15 minutes, then rest 15 minutes, or longer if needed. Then inhale again 15 minutes and repeat the operation as directed 24 times. The result will be that the lungs will expand to their normal condition. In 24 hours the patient is out of danger. Change cotton often. It ought to be changed twice in 15 minutes."

A patient in the Doty house developed pneumonia following influenza. Two physicians diagnosed the case. The patient's temperature registered 104 Thursday night and also Friday morning when the new treatment was started. In six hours respiration was diminished from 40 to 32 and the temperature dropped three degrees in 12 hours. This morning the temperature registered 100 and the patient is passing through the congested lung. With such marked improvement in so short a time the doctor is encouraged and as other cases of pneumonia are following attacks of influenza he thought it desirable to let the public learn of his experiment which seems to insure success.

Advice to a Soldier.
"Remember, my son," said his mother as she bade him goodbye, "when you get to camp try to be punctual in the morning, so as not to keep breakfast waiting."—Life.

(Ohio) had been on the line in the Vosges but more recently its headquarters was reported in the Vosges. The 86th (North Dakota, Minnesota, Iowa and Western Illinois) commanded by Major General Wagle, is on line in the Belfort sector in Alsace near the Swiss border; the 26th (New England) has been in action east of the Meuse.

The 50th (Virginia, West Virginia and Western Pennsylvania) has not yet been reported in action. The 53rd (Ohio and Western Pennsylvania) has headquarters at Le Mans. The 90th (Texas and Oklahoma) is reported in action with the First army west of the Meuse on October 23rd. The 30th division (Tennessee, North and South Carolina and District of Columbia) is with the British in Flanders. The 40th division (regulars) is west of the Meuse. The 76th (New England and New York) still is acting as a depot division. The 27th (New York) is with the British in Picardy.

JOHNSTOWN BOY IN BASE HOSPITAL

PVT. CLYDE E. PATTERSON

Private Clyde E. Patterson, who is in base hospital at Fort Sheridan, Ill., recovering from wounds received in action. He was wounded in the foot, according to a letter received by his mother Mrs. A. Patterson of Johns town.

In his letter he tells he has not received any mail since the first of July, probably due to the fact that he had been moved on several occasions.

He concludes his letter by stating "well Mother the war isn't far off when the whole world will be made safe for Democracy."

How To Avoid INFLUENZA

Nothing you can do will so effectively protect you against the influenza or Grippe epidemic as keeping your organs of digestion and elimination active and your system free from poisonous accumulations. Doctors and health authorities everywhere are warning people of the danger of constipation, and advising, and urging everyone to see that the bowels and other eliminative organs act freely and regularly.

Ordinary laxatives, purges and cathartics, salts, oils, calomel and the like, are good enough to clean out the system, but do not strengthen the weakened organs; they do not build up vitality.

Why don't you begin right today to overcome constipation and get your system in such shape that you can feel reasonably sure of resisting disease. You can do so if you will just get a 25c. box of Nature's Remedy (NR Tablets) and take one each night for a while.

NR Tablets do much more than merely cause pleasant, easy bowel action. This medicine acts upon the digestive as well as eliminative organs, promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out. This accomplished you will not have to take medicine every day. An occasional NR Tablet will keep your body in condition and you can always feel your best. Sold and recommended by druggists.

DRINK RUINS DISCIPLINE

COLONEL W. J. Nicholson, Commandant at Fort Sheridan, said: "My business is training men for the United States Army, and in the forty-two years I have been engaged in this work I have known of very few cases where liquor did not play an important part in causing the misdeeds for which men are disciplined." VOTE OHIO DRY Nov. 5.

Constipation

which is another word for congestion, the beginning of every serious disorder, and nearly every discomfort. Rid yourself of constipation and you will be free from all disease—as nearly as possible proof against infection.

SCHENCK'S MANDRAKE PILLS
act freely, but gently and comfortably, on the liver, stomach and bowels, cleansing, sweetening, toning, strengthening, so that a constipated condition will become impossible. Ordinary constipation "cures" are only laxatives that must be taken regularly, and that finally form a habit that is as dangerous as constipation itself. Schenck's Mandrake Pills are wholly vegetable; absolutely harmless, they form no habit.

THE COMING OF A BETTER DAY

W. J. BRYAN, in the Commoner for June, presents this pleasant picture: "What consolation there is in the thought that the liquor issue will soon be eliminated. Within a year the amendment will be ratified, within two years there will not be a distillery, a brewery or a saloon under the American flag—and then after a few years more, the staunchest opponents of the amendment will wonder how the nation could have tolerated for so long a time such an institution as the saloon—the fruitful cause of corruption in politics, the festering center of crime and a menace to every home within the radius of its influence."

Out of the awful strife and bitterness of the present a new world is dawning. The atrocities of ambition, of greed, of appetite, will disappear, and true brotherhood of man is arising in which each will seek his own good in the good of all.

November Is Here— Every Instinct Tells You To Prepare For the Winter

Every day counts now in the preparation for a comfortable winter. The good warm winter lines have been purchased in advance to enable us to offer them to you at the lowest possible prices. The blanket stock is complete and will be drawn from every day now, so the earliest buyers have the best chance. The warm winter underwear stocks for men, ladies and children should be purchased at once to get the best we have for this winter. The winter hosiery for boys, girls and ladies is important and necessary and it will be to your advantage to select from the advance stocks. The other warm lines such as coats for ladies and children. The suits, winter dresses and wool skirts will be needed by you now any day and your lines to select from will be better this week than any other week this year. The fine furs for ladies and girls are beautiful and in an endless variety now because we have had our Christmas assortments shipped in ready for November business. Don't delay. Every advantage goes to the early buyer in these war times and we can only tell you to

DO YOUR WINTER BUYING EARLY—it will pay you and you will save money by it. Besides this the government has urged the merchants to do their Holiday business in November in order to keep from a congestion in December this year.

FOR COURT OF APPEALS

Robert L. Adair

WOOSTER, OHIO

Socrates said: "It is the business of a Judge to hear patiently, to consider discriminately, and to decide impartially." All that might be said or written as to the obligations of judges would add but little to this. It is as applicable today as it was two thousand years ago. In these "speed-up" times the patient hearing needs emphasis. Complicated transactions extending over years come before the judges for adjudication. It takes time to unravel them. To decide impartially is not always an easy task for an elective judiciary. Popular demand, influential litigants and party interests make a subtle appeal for the favor of a judge.

Those who vote and those who are elected have equally a solemn duty.

J. HENRY MILLER

FOR STATE SENATOR.

In reference to the "nagging" of the editor of the American Tribune concerning my stand on the temperance question, I really seem unnecessary for me to say anything, since the editor of the Advocate has so well replied to it. However, I have this to add: My temperance record here in Licking county, covering the last ten years, involving as it has the giving of much time for which I received not a cent of pay, the loss of business, and even personal assault upon the street, speaks for itself. To my friends, I wish to say in view of this the whole matter comes down to one question, namely, am I a blatant hypocrite or am I not? If the insinuations made by the editor of the Tribune are true, then there is no meaner, nor more to be despised man in Licking county than I, for I have been continually deceiving you and betrayed you last winter in the legislature, and am proving false to your interests in this campaign. There is no middle ground to it, and there is no use arguing details.

For the benefit of my good friends I want to say, I feel compelled to resent these gross insinuations because they attack my integrity. I here openly declare I ran my campaign two years ago along absolutely clean lines. I was unwaveringly loyal to my convictions and record upon the temperance question throughout the last session of the legislature, and it is only fair to Governor Cox to say that he did not attempt directly or indirectly, to change my stand on the temperance question. I have been conducting this campaign upon the same high plane, and if re-elected to the senate next Tuesday, shall vote for the National Prohibition Amendment next winter, whether any other senator in Ohio does so or not, and regardless of who is governor.

Naturally, I should like to serve a second term in the senate, and I shall be glad to have the vote of every man in the county, wet or dry, but I want all to know IN FACT AND NOT IN WORD, where I stand upon the temperance question. I would not sacrifice your confidence and high esteem to be elected to any office, much less that of state senator. There are some things more to be prized than holding an office, and among them are good friends and self respect.

Does it not seem strange that during the bitterest days of the temperance fight here in the county, what ever else the liquor forces may have said of me, they did not accuse me of double dealing. This seems to have been left for a presumed good friend to do, under the pressure of narrow partisan politics.

I have been confined to my home for two weeks with influenza, which has prevented me from being out among you to meet these unfair attacks. If you have faith in me, and believe in my record, I hope you will resent these unworthy insinuations at the polls next Tuesday by giving me your vote and active support. I do not believe the fair-minded people of the county will permit an editor to go unrebuked who resorts to this kind of thing. If you do not believe in me, I shall not expect you to do so.

I await your verdict with much interest and may say, confidence.

J. HENRY MILLER.

CHRISTMAS LABELS FOR SOLDIERS ARE DELAYED

The local Red Cross announces that the containers for the Christmas packages to be sent to the soldiers abroad have been received in Newark.

According to the arrangements made by the government, each soldier is to be given a label, or card, entitling the person to whom he sends it a letter stating to secure one container from the Red Cross. This precludes the sending of any but one package. These labels, however, have been slow in arriving and at the Newark chapter headquarters only about a half a dozen applications for containers have been received where the people have the necessary label.

Under the regulations the boxes were to be ready for shipment November 15, but it is possible the date will be extended to the 20th. Owing to the slow arrival of the tags from abroad the Columbus Mothers' club has petitioned

TRAINED NURSE TELLS OF TREATMENT FOR INFLUENZA

Gentlemen:—For the benefit of thousands who are suffering with La Grippe or Influenza I feel it my duty to tell others about your wonderful remedy Hull's Superlative Compound. It was through this remedy that I became interested in medicine and nursing and 17 years ago entered the City Hospital at Indianapolis, Ind., from which I graduated and became a registered nurse of Indiana. I believe Hull's Superlative to be the most efficient all around Family Medicine on the market, as it has never failed in families to whom I have recommended it, to break up Colds, La Grippe, Tonsillitis, Influenza, Bilious fever acute indigestion, and I find it also to be a splendid blood builder. Every family in the country now especially needs Hull's Superlative for by having this remedy in the home and beginning to take it on the first symptoms of chills it will ward off the severest part of the disease. I received the best results for influenza by taking 1-3 teaspoonful every two hours for five doses, following with from 1 to 2 tablespoonful of castor oil or epsom salts, then continuing the medicine by taking from 6 to 10 drops 3 times a day. This patient goes into a heavy perspiration and should be kept under cover not allowing the draft to reach them, although plenty of fresh air in the room. I must say I never thought I would relish the idea of having my name used for advertising but I feel it my duty in this crisis of the dreadful disease influenza, which is proving so fatal to so many to recommend it to others for their help. Wish I could tell thousands of mothers of the merit of this wonderful medicine.

Yours very sincerely,
MRS. J. H. DIXON, R. N.,
401 Middle St., Dayton, O.

Hull's Superlative is a root and bark remedy, rich in Peruvian Bark, fever breaker, Golden Seal, the greatest known vegetable antiseptic and other ingredients as good as those mentioned. Hundreds testify to great good received. Be sure and keep it in the house. La Grippe comes almost at once without warning. Then is when you need Hull's Superlative.
